Braided Friendship Bracelet/Anklet Tutorial

Braid 3 gorgeous bracelets/anklets in minutes!

Skill Level: Beginner

Finished Measurements: Individual Preference, (Up to 15 inches)

Thread (3 colors): Arctic Silk, (100% Silk Yarn - Mint Yarns),

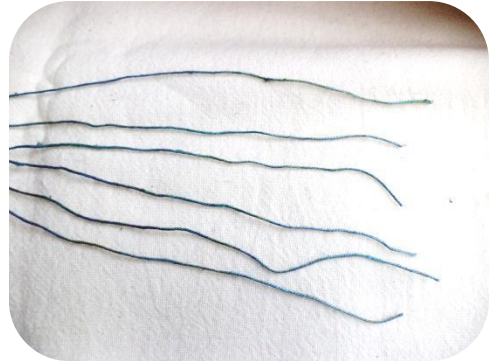

Notions: Scissors, Translucent Scotch Tape, Clip Board

Steps:

1

Same instructions for bracelet and anklet. Finished length will depend upon your preference. Standard finished lengths: Ladies/Men: Bracelet – 8/10 inches, Anklet – 10/15 inches. *If you are not familiar with braiding, practice with some scrap thread till you are comfortable and your braiding looks even.*

2

Cut 6 strands – each 24 inches long.

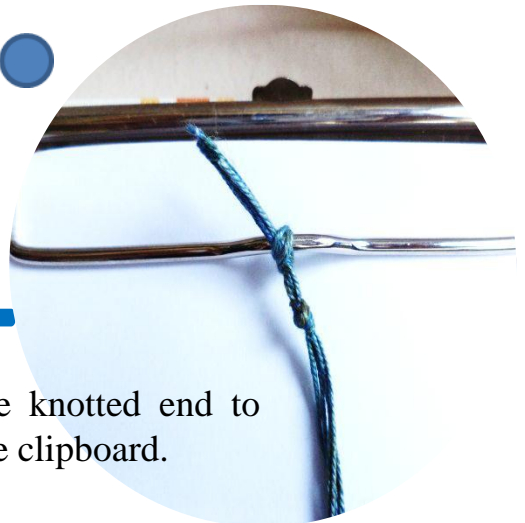

3

Hold all 6 strands together, in a bunch, and knot 2" from one end.

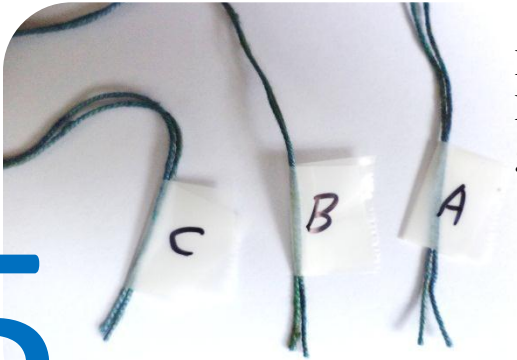

4

Tie knotted end to the clipboard.

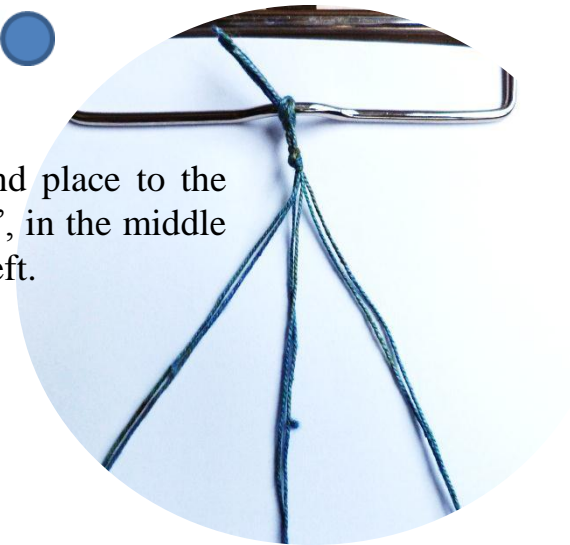

Divide the thread into groups of two. Label the first group "A", the next group "B", and the last group "C".

5

Separate "A" and place to the right. Place "B", in the middle and "C" to the left.

6

Braiding Starts Here:

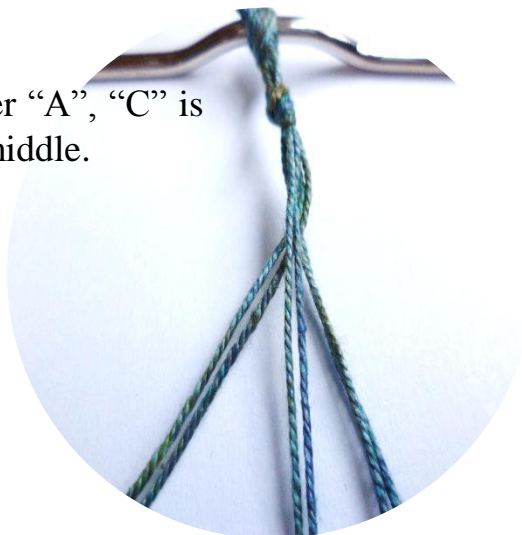

Lay "A" over "B". "A" is now in the middle.

7

Lay "C" over "A", "C" is now in the middle.

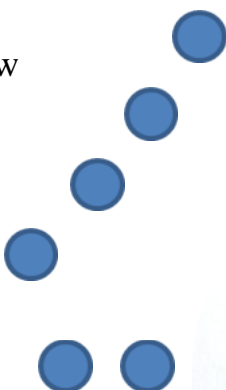

8

Lay "B" over "C", "B" is now in the middle.

10

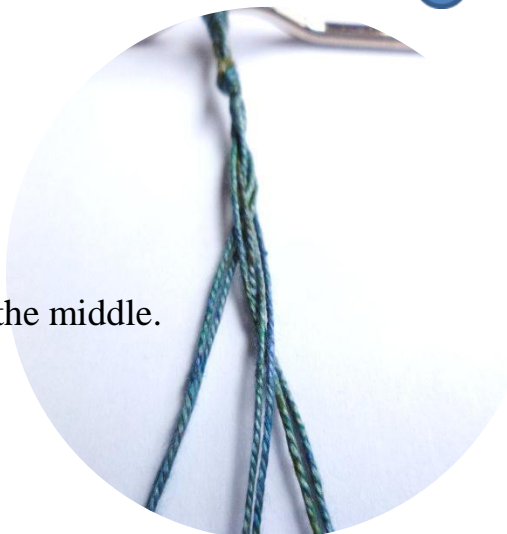

Lay "A" over "B", "A" is now in the middle.

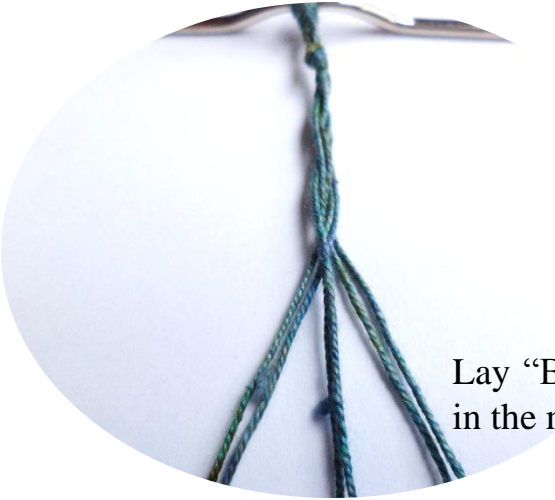

9

11

Lay "C" over "A", "C" is now in the middle.

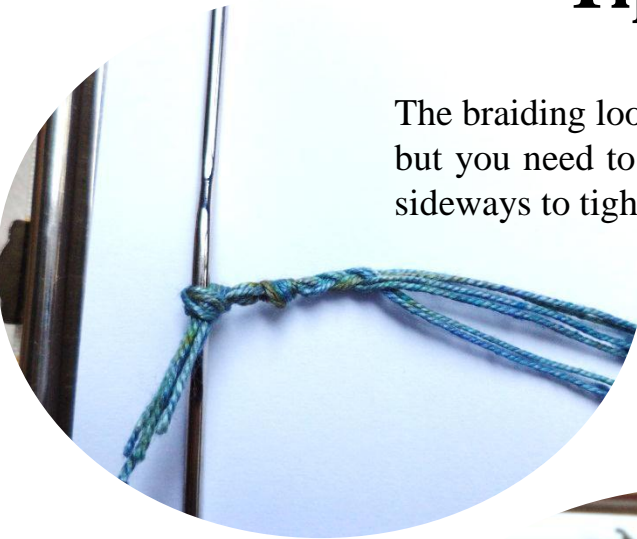

12

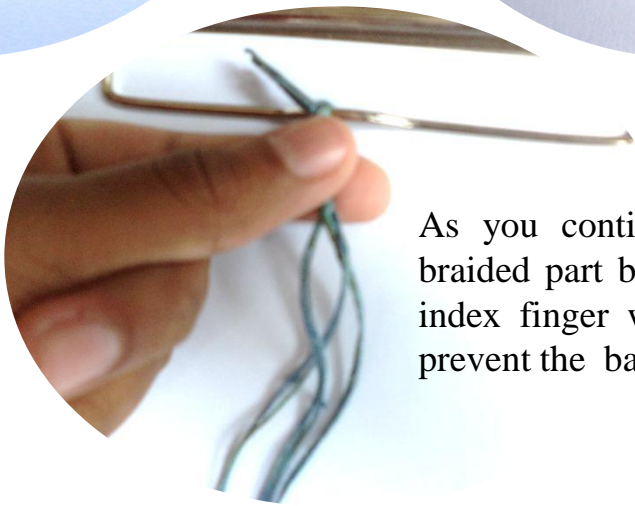

Lay “B” over “C”, “B” is now in the middle.

Repeat steps 7 through 12 until you reach desired length.

Tips:

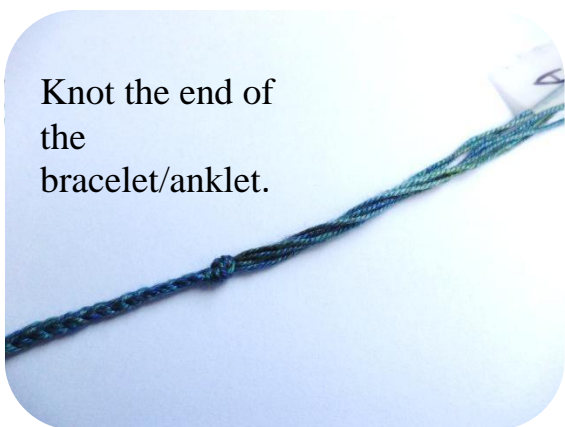

The braiding looks loose in the pictures, but you need to pull “A”, “B” and “C” sideways to tighten it.

As you continue braiding, hold the braided part between your thumb and index finger with your free hand, to prevent the band from twisting.

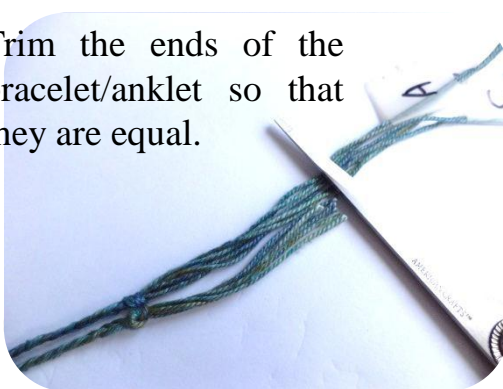

Knot the end of
the
bracelet/anklet.

13

Trim the ends of the
bracelet/anklet so that
they are equal.
